Dragonsspine, Caerthe, Caer Galen, and Unser Hafen are seeking Champions to guard their borders! Join the Baronies of the North as they choose their martial champions.

Each Barony will be seeking a Champion in each of the four main martial arenas: archery, rapier, equestrian, and armored combat. Bring your weapons and ride into battle to take a stand for your Barony!

But who is this 5th Army? The Shires of the North will have an entire day of their own to show off their martial prowess (and be wooed by the Baronies for their allegiance).

Which Barony will you side with? Will your martial skills make you Champion?

Directions:

Take your best route to I-70 East towards Limon. Take Exit 316 for Byers. Take a left at the stop sign at the bottom of the exit ramp, and go about 1/2-mile down Highway 36. Turn left at Quint Valley Fairgrounds, and follow the signs into site.

Tips, Tools & Techniques

Drafting Tools for the Calligrapher are very useful tools to simplify your work. These tools allow for more accurate work.

Engineer's Scale is a ruler with 10, 20, 30, 40, 50 and 60 divisions per inch. This scale eliminates the tiny markings used to create lines for the size of the text. (I personally hate the 1/16th of an inch).

Tip from D. Davis of TX: "If you need to divide a space into a certain number of smaller equal spaces, find the number on the scale that is slightly larger than the overall width. Set the scale at needed angle so that zero is touching one side of and the space number is touching the other side. Mark the divisions with tiny dots, not dashes because they are inaccurate". (An Arch Ames lettering guide is wonderful. May be found at hobby and craft stores).

Triangles: These little shapes of plastic are made to prevent the ink from bleeding underneath. You can also tape a penny or nickel under the triangle to give it a deeper ridge. Dropping your triangle will chip and you will no longer achieve a straight edge. (I use triangles to draw that red line in the text of a scroll as seen in manuscripts. Triangles are helpful for outlining a decorated letter or executing a diapering pattern).

Templates: Templates in all sizes are great for drawing circles of all sizes. French Curves are helpful for arabesques shapes and floral borders. I have a few templates that have other usable shapes that create lovely designs on a scroll. If in a bind for a shape, the kitchen cupboard and drawers have a wealth of sizes and shapes.

Drafting Brush: This brush is used to remove the eraser dust and cookie crumbs from the work area. Using the brush eliminates smearing the ink. Do not rub the brush with your hands. Your hands have natural oils that will adhere to the brush. This is the same reason that you use a cover sheet when doing a scroll.

From Aspen Pursuivant

Hawks Hollow Herald and Scribes Symposium was a huge success. From what I was told over 120 people attended. There were several classes for both Heralds and Scribes. Master Randal Carrick promoted so many heralds I couldn't count them all. The Scroll display was amazing; over 100 scrolls were shown from every decade of the SCA, and I believe every Outlands award was represented. The artwork has done nothing but improve over the years.

Awards:

Master Domin d'Alsace was offered Premier membership in the Order of Defense at Kingdom Arts & Sciences. Elevation is planned for Spring Coronation.

Heraldry passed by the Laurel Sovereign:

- **Christoff Trost.** Device. *Per bend azure and gules, an eagle argent and a bordure embattled argent mullety azure.*
- **Estefania de las Yeguas.** Name and device. *Azure, a horse sejant between three octofoils argent.*
